

Online seminar

“Working with foreign educational documents originating from Central and North Africa”

On September 13, 2024, the ENIC Ukraine team held an online seminar dedicated to working with foreign educational documents originating from Central and North Africa. The event was organized for credential evaluators-practitioners of higher education institutions that are members of the Ukrainian network for the recognition of foreign educational qualifications UaReNet.

The online event was held with the financial assistance of the Council of Europe within the framework of the project UaReConnect: “Reconnecting Ukrainian Educational Area”.

The work of the event was opened by the Director of ENIC Ukraine Viktoriya Sergiyenko. During her speech, Mrs. Sergiyenko expressed her gratitude to the partners, in particular the Council of Europe and the Ministry of Education and Science of Ukraine, the participants of the event; informed those present about the progress of the UaReConnect project. The Director of ENIC Ukraine drew participants’ attention to the fact that with the entry into force of CMU Resolution No. 758 of June 28, 2024, higher education institutions must ensure the validation procedure for educational documents, on the basis of which foreigners and stateless persons enter higher education institutions of Ukraine.

The Senior Specialist of ENIC Ukraine Vitalii Prudkyi introduced those present to the peculiarities of working with educational documents from Algeria, Tunisia and Morocco. The Advisor of ENIC Ukraine Yuliia Havrylenko continued the work of the seminar with a report on the peculiarities of recognition of educational documents from Cameroon and the Democratic Republic of the Congo. The Head of the Recognition Department Anna Bakhlukova answered the questions of the seminar participants.

ENIC Ukraine specialists held workshops, in which practical cases with samples of foreign educational documents originating from Central and North Africa were presented.

The materials of the online seminar are available on the website www.enic.in.ua and the video recording can be viewed on the ENIC Ukraine [YouTube-channel](#).
